Clinical Genetics Refresher Course List

Approved: December 2010

Courses on this list are approved for members that are eligible to practice in cytogenetics and/or molecular genetics.

Please note: This list is a summary of course information. Applicants should contact the institution offering the course(s) for the most up-to-date detailed information/registration protocols. All courses listed are available by distance education.

All refresher/update courses must have an evaluation component. The transcript **MUST** state the number of course hours.

Other courses will be considered for approval by the Board of Assessors when a request and the course outline are submitted to the CMLTM.

Institution	Outline	Duration	Cost
